

# Meet. Share. Spark Innovation.

## Dear Colleagues,

We offer the following resources to spark conversation and innovation in 15 minutes or less. These “sparks” can be used as food for thought or to encourage conversations among peers.

### April's Topic: Passion

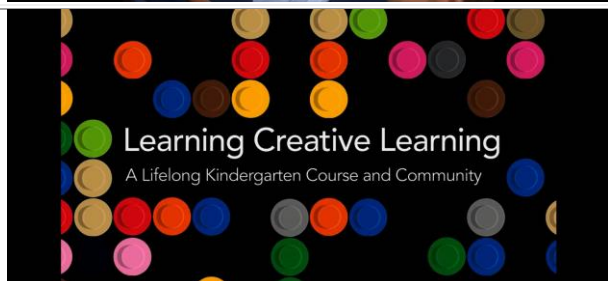

Passion is an emotion that comes from within. It is enthusiasm, zeal, drive and motivation. Learn how to be passionate about your job, while also putting passion into it. Hear how your own passion can inspire passion in your students.
